We would like to protest APS's request for an rate increase.

Somewhere somehow this continuing inflationary trend must end.

Your obligation to us the customers of APS is the reason for your existence.

Not only are us senior citizens unable to make ends meet on 20, 30 and 40 year old earning rates but now the younger working people can't afford to purchase their own homes.

Just what will happen when time comes for them to retire, no home, no savings and ever increasing living cost?

We know that stock holders love to get dividends but greed caused the down fall of Enron as well as others.

We await your comments.
